The Elders Family Youth Success Story

In the time since Jaycob (11), Hayden (9), Emersyn (7), and Landyn (5) became members in 2020, they've grown in their own unique ways.

Jaycob has improved at completing his homework on time through our Power Hour program. Hayden has learned to be aware of his emotions and choose to react positively regardless of the situation through Positive Action. Emersyn and Landyn have learned about the importance of healthy eating through our Healthy Habits program. The boys' mother, Shayne, shares, "The Club has been a saving grace for my boys. They helped the boys' attitude, school work, and were very helpful in getting my kids' gifts and making sure our holiday season was the best."

The Club Experience

Boys & Girls Clubs fill the gap between school and home. We provide welcoming, positive environments in which kids and teens have fun, participate in life-changing programs, and build supportive relationships with peers and caring adults.

The Need in Our State

Every day 370,003 kids in Missouri leave school with nowhere to go. They risk being unsupervised, unguided and unsafe.
